AI Engineer with Speech Recognition experience (100% remote-friendly within Spain)

Description

ASR Computer Science Data management Data quality DevOps Engineering +10
Career development Competitive pay Equity Flex hours Health care +6

How the process will look like

Your teammates will gather all requirements within our organization. Then, once priority has been discussed, you will decide as a team on the best solutions and architecture to meet these needs. In continuous increments and continuous communication between the team and stakeholders, you're part of making data play an even more important (and understood) part withing Brand New Day.
