

NGP (Senior) Business Intelligence Specialist

Description

At Netguru, we're all about helping innovators and entrepreneurs shape the world through beautiful software. That is our mission.

With employees from 15+ different countries, we've worked with over 800 clients from more than 50 countries. To name some of them: [OLX Motors Europe](#), [UBS](#), [Careem](#).

But we're not just another tech company. As a Certified B Corporation®, we're dedicated to creating an inclusive environment for all, and we take our commitment to sustainability seriously.

This is not a full-time position but an additional assignment for Power BI Specialists.

Requirements

First, check if you have:

- At least **2 years' experience** and advanced knowledge of **Power BI (reports & dashboards configuration)**.
- Experience with connecting **OData** in PowerBI.
- Knowledge of **Polish (C1)**, spoken and written.
- Knowledge of **English (C1)**, spoken and written.
- Worked closely with clients and maintained positive relationships with them.
- Multitasking skills.
- A high sense of responsibility and accountability for work.
- Can work cross-functionally with distributed teams, sometimes with teams in the CET timezone.

Scope:

- Verification of how data is refreshed in PowerBI and configuring the refresh method, if necessary.
- Consultations on (building reports) making changes to the semantic model in a database with a live connection.
- Expansion of the data warehouse for Power BI.

Benefits

What's in it for you? Becoming a Netguru Freelancer means:

- **Flexibility:** 100% remote work.
- **Professionality:** dev-friendly processes, like Continuous Integration and Code Review, work in line with Agile methodology.
- **Diversity:** projects from various industries like fintech, healthcare, insurance, or education.
